<ul style="list-style-type: none"> Minor injuries such as sprained ankles, abrasions , strains Injuries through inappropriate use of hand tools Injuries from tripping Injuries from slipping Injuries from door on windy day 	<ul style="list-style-type: none"> All users 		
<p>CONTROL MEASURES:</p> <ol style="list-style-type: none"> 1. Ensure grass around flower tubs is kept at a safe height by regular cutting. See 'Grass Cutting' for control measures of risk assessment of this activity. 2. All surfaces to be checked at regular intervals to maintain a safe access route. 3. All flower-tubs to be inspected to ensure they are still safe to use. See 'Gardening' for control measures of risk assessment of any gardening activity by volunteers or contractors. 4. Volunteers bringing their own tools must be aware of their limitations 5. Notice board to be inspected at regular intervals to ensure it is safely erected and glass case is in good condition. (The Noticeboard was renewed in 2017, and the glass in the doors replaced with polycarbonate in January 2019.) 6. Users of noticeboard to be made aware of occasional wind hazard when opening doors <p style="color: red;">Updated 16.9.24</p>			

Residual Risk remaining: Low
